## RECEIVER IS NAMED TODAY

Judge Sparks Acts When One is Demanded For United States Board and Paper Co. Carthage.

### ED N. HILL IS APPOINTED

Alleged by Central Savings Bank of Michigan That Firm is \$69,000 in Debt to Banks.

Edgar N. Hill was appointed receiver today for the United States Board and Paper Company, of Carthage, as a result of a suit filed by the Central Savings bank, a Michigan corporation. Mr. Hill gave bond in the sum of \$25,000, which was approved by the court.

In the complaint asking for a receiver, the Central Savings bank alleged that the United States Board and Paper company was indebted to it in the sum of \$10,000, with interest on notes. It was pointed out that the company was on the verge of becoming insolvent and that a receiver should take over the property as there was danger that the creditors would foreclose and lessen the value of the company's holdings. It was alleged that the paper company was indebted in the sum of \$69,000 to banks for borrowed money.

In the suit for receivership it was brought out that the company had been operating at a loss and that there was great danger of a depreciation. It is understood that the receivership suit was a friendly suit and the defendant company made no effort to stop the appointment of Mr. Hill as receiver. The court also found for the plaintiff in the sum of \$10,050, the amount alleged to be due on notes and interest.

The complaint was filed this morning and was immediately acted upon by the court. It was alleged that the receivership was for the best interest of all the creditors and stockholders and that if the plant was allowed to operate as in the past it would be done so at a sacrifice of the property. In making his finding, Judge Sparks found that there was danger of insolvency and appointed Mr. Hill. It is understood that the appointment of Mr. Hill was satisfactory to both sides.

The United States Board and Paper company is one of the largest in the state and is the principal industry of Carthage. The complaint was filed by the firm of Henley, Fenton and Joseph, of Indianapolis, and the allegations of the complaint asking a receiver was sworn to by William J. Henley, who personally appeared in court. William A. Hough, of Greenfield, appeared for the paper company.

## STEAL SUIT AND 2 RAZORS

Thieves Enter Isom Stevens Home While Family is Away.

The residence of Isom Stevens, east of the city, was entered Sunday afternoon while the family was away, and a good suit of clothes and two razors were taken. It is believed that two men entered the house, as later in the afternoon some boys saw two men in the woods at the James Alsop place and later found the old clothes left by the man that got the good suit from Stevens. The boys stated that both men shaved and cleaned up in the woods. Sheriff Cavit was notified but there is no clew.

## VIEWERS ARE APPOINTED

Commissioners Name Officials For Two Roads in Anderson.

Before adjourning Monday afternoon the county commissioners appointed viewers for two roads in Anderson township. Henry Beckner and Greeley P. Mauzy were appointed viewers for the Leander M. Carr road and Robert W. Nixon and H. Jefferson Reeves were appointed viewers for the William B. Crane road. In both roads Adolphus Cameron county surveyor was named as engineer. Enoch Spurgeon was appointed superintendent for the Spurgeon road. The commissioners adjourned to meet again Saturday.

## DEFENSE GIVES IT'S SIDE TODAY

Motorman on Interurban Which Struck Automobile in Newcastle Testifies in Court.

### IN THE \$2,000 DAMAGE SUIT

The damage suit of Charles A. Fletcher, et al., against the Union Traction company was still in progress today in the circuit court. It was believed this afternoon that the case would go to the jury some time Wednesday. The suit is the outgrowth of an accident in Newcastle when a traction car hit a taxicab owned by the Fletchers. The amount demanded is \$2,000.

The defense was introducing evidence today. The motorman of the car was on the stand for a long time. The defense maintains that the automobile was going so fast that it ran into the side of the traction car and was not hit by the car as alleged in the complaint. The motorman testified that the auto struck the car nine feet from the front and that a large dent was left in the side of the car.

## BLODGETT PAYS A VISIT HERE TODAY

Indianapolis News Correspondent Said to be Investigating Report of Some Township Trustee.

### NO CHARGES HAVE BEEN FILED

W. H. Blodgett, staff correspondent for the Indianapolis News, was here today on a story of some sort. It was reported that he was here to investigate the report of a Rush county trustee. It is known that he went to the auditor's office and called for the reports of the twelve township trustees for the year 1914. The state board of accounts has not accused any trustee in Rush county of any irregularities.

Examiners from the state board of accounts completed the examination of the reports of the township trustees in Rush county only recently, but there was no intimation, however, that they had found anything worthy of comment.

It was rumored today that some county officials had been expecting to hear from the state board of accounts in regard to the report of some trustee whose name is unknown.

Agnes Winston has filed suit on an account against Victor Scott, demanding \$19.50.

## RUSHVILLE IS CONVENTION CITY

Seven Meetings of More Than Local Significance Will be Held Here During Summer.

### FIRST ONE COMES TOMORROW

Bankers Convention Will be Followed by Fraternal and Womens Meetings Galore.

When the bankers of group six of the Indiana Bankers associations gather here tomorrow or their annual meeting, it will be the first of seven conventions of more than local significance which will be held in Rushville during the summer months and which may rightfully give Rushville the title of "The Convention City."

Business men and other residents of the city are urged to make mental note of the conventions which will be held here and be ready to decorate their places of business and homes and make the city's guests feel welcome.

There will be bankers here from fourteen eastern and southeastern Indiana counties. The principal address will be given by J. T. Davis, vice-president of the First National bank of Cincinnati, on the subject "Modern Banking". John W. McCord, formerly a member of the state board of tax commissioners, will speak on the subject of "Taxation."

Lewis M. Sexton will preside and E. B. Thomas will deliver the address of welcome. John P. Frenzel, Jr., of Indianapolis, will respond. The usual business will be transacted and after the sessions at the Princess theater, a chicken dinner will be served at the Social Club rooms, followed by a cabaret entertainment by Miss Martha Hogsett and Jess Pugh.

Next in order will be the annual track and field meet and oratorical contest of the Central Indiana High School League here next Saturday. Between three hundred and four hundred high school students from eight Indiana cities will be present. School officials and others interested have made a special request that the business men endeavor to welcome the visiting young people by decorating, and by other means.

The track and field meet will take place at the Rush county fair grounds and the oratorical may likely be held at the new auditorium, in the Graham Annex, but this is still doubtful.

The next event of importance for Rushville will be the joint initiation service of the Knights of Columbus which will take place Sunday. At least one thousand Knights of Columbus from all over eastern Indiana are expected. Speakers of note are arranged for and it is stated that the complete program will be ready for publication tomorrow.

Not the least of the coming gatherings is the annual convention of the Sixth District Federation of Women's Clubs, which is to take place here May 20 and 21. There will be approximately one hundred women entertained here the night of the first day's session and at least four hundred are expected the second day.

The annual meeting of the Women's Missionary society of the Indiana Presbyterian church is scheduled to be held here June 22 and 23. This will bring women here from eastern and southeastern Indiana counties.

As the missionary meeting closes, the national convention of Psi Iota Xi sorority will begin. It opens on the night of June 23 and will continue for three days, or until the night of

## WILL SOON HAVE THE DATA READY

Dixie Highway Commission of Five From This County Will Hold Final Meeting Today.

### MILEAGE IS OBTAINED TODAY

Will Forward Copy of Statistics to Each of Fourteen Members of Highway Commission.

Before another day elapses, the Dixie Highway commission of five members for Rush county, will have all the data called for in resolutions adopted by the fourteen commissioners from 7 states at a meeting in Louisville, Ky., last month and will forward it to the commission before May 10, as requested in the resolutions.

The commission met last night to prepare some of the statistics, after meeting with the county board of commissioners yesterday afternoon and presenting resolutions which the board passed.

T. H. Reed, a member of the commission, planned to get the mileage of the proposed route in Rush county yesterday afternoon, but a rain storm prevented and this morning he started out in his automobile to get the number of miles from the western Rush county line to this city. This afternoon he expected to get the mileage from here to the southeastern county line near Andersonville at a point, where the proposed route goes into Franklin county.

The Rush county committee will hold another meeting tonight at Samuel L. Trabue's office and complete the work. The committee today planned to answer all the questions asked by the Dixie Highway commission.

Members of the local committee were so familiar with the proposed route that with a map they could easily give the conditions of the roads, viz., that part which is improved with hard surface, that which is gravel or macadam, that which is natural without hard surface, and the grades and drainage.

They gave the number and character of bridges classified as concrete, steel, wood and free or toll. There is none of the latter class over the proposed route in Rush county.

The track and field meet will take place at the Rush county fair grounds and the oratorical may likely be held at the new auditorium, in the Graham Annex, but this is still doubtful.

The next event of importance for Rushville will be the joint initiation service of the Knights of Columbus which will take place Sunday. At least one thousand Knights of Columbus from all over eastern Indiana are expected. Speakers of note are arranged for and it is stated that the complete program will be ready for publication tomorrow.

Not the least of the coming gatherings is the annual convention of the Sixth District Federation of Women's Clubs, which is to take place here May 20 and 21. There will be approximately one hundred women entertained here the night of the first day's session and at least four hundred are expected the second day.

The annual meeting of the Women's Missionary society of the Indiana Presbyterian church is scheduled to be held here June 22 and 23. This will bring women here from eastern and southeastern Indiana counties.

As the missionary meeting closes, the national convention of Psi Iota Xi sorority will begin. It opens on the night of June 23 and will continue for three days, or until the night of

## OVER HALF HUNDRED GUESTS

Visitors See Exemplified First Degree by K. of P. Team Here.

There were one hundred and fifty present, fifty-one of which were visitors when the degree team of Ivy Lodge, No. 27, Knights of Pythias, gave the exemplified first degree at Knights of Pythias lodge rooms last night. Visitors were here from Greenfield, Knightstown, Richmond, Indianapolis and Shelbyville. Among the guests were District Deputy Fry of Richmond. Forty of the guests were from Greenfield. They came in eleven automobiles. Recently members of the Rushville lodge were guests at Greenfield when the same work was given. A lunch was served after the work.

## LEADERSHIP FIGHT IS OPENED UP TODAY

President Wilson-Bryan League in Indiana Urges Anti-Ring Man to Seek Nomination.

### REAL ISSUES ARE OUTLINED

Before another day elapses, the Dixie Highway commission of five members for Rush county, will have all the data called for in resolutions adopted by the fourteen commissioners from 7 states at a meeting in Louisville, Ky., last month and will forward it to the commission before May 10, as requested in the resolutions.

The commission met last night to prepare some of the statistics, after meeting with the county board of commissioners yesterday afternoon and presenting resolutions which the board passed.

T. H. Reed, a member of the commission, planned to get the mileage of the proposed route in Rush county yesterday afternoon, but a rain storm prevented and this morning he started out in his automobile to get the number of miles from the western Rush county line to this city. This afternoon he expected to get the mileage from here to the southeastern county line near Andersonville at a point, where the proposed route goes into Franklin county.

The Rush county committee will hold another meeting tonight at Samuel L. Trabue's office and complete the work. The committee today planned to answer all the questions asked by the Dixie Highway commission.

Members of the local committee were so familiar with the proposed route that with a map they could easily give the conditions of the roads, viz., that part which is improved with hard surface, that which is gravel or macadam, that which is natural without hard surface, and the grades and drainage.

There will be approximately one hundred women entertained here the night of the first day's session and at least four hundred are expected the second day.

## LIQUOR TAX IS TO BE OPPOSED

Nationalist Members of Parliament Will Cause First Open Break Since War Began.

Very Bitter Over Reiterated Charge That Workers Have Seriously Impeded Success.

London, May 4.—Following a conference of the Nationalist members of parliament it was announced that they had decided to oppose the new cabinet drink tax. This is the first open break in parliament since the outbreak of the war. It is considered certain that many of the Laborites will support the Nationalists in their stand. They are very bitter over the continual reiteration by the government leaders of the charge that the workers of the nation in reality are drunkards.

The labor leaders plan to make an open protest in parliament against the charge that through drink their followers have seriously impeded British success.

## THOUGHT AUSTRIA'S ANSWER IS GIVEN

Final Word to Italy is Believed to be Unacceptable to Cabinet Council.

### BLIEVED CRISIS IS HERE

Rome, May 4.—The most intense excitement pervaded the city today with rumors that Austria's final word had been delivered yesterday to Foreign Minister Sonnino and had been regarded as unacceptable by the cabinet council.

Lending color to the belief that a crisis has been reached, it was announced today that the king and his ministers had abandoned their plans to attend the unveiling tomorrow of a monument to commemorate the achievements of Garibaldi's volunteers.

### Self Starters

Newspaper advertising is self-starting and results are apparent almost immediately.

It starts consumers to the stores where the goods are sold and enthuses the storekeeper who sells them.

It puts the clerks in a good humor—for nothing is so stimulating as "good business."

It sells the goods because it carries their message directly into the home at the time people are anxious to buy.

For manufacturer or merchant no method of advertising is as productive as the printed word in the daily newspaper.

# Your Floor Coverings and Draperies

House cleaning at hand is suggestive of needs in Floor Coverings and Draperies. Every person of right mind is interested in anything that will add beauty and real attractiveness to the home.

The Mystic will show a two reel drama "A Mask, A Ring and A Pair of Handcuffs" for the first picture tonight. Lucille Young and Charles Parsons are featured. It is an interesting drama telling a dramatic story. The other is a comedy entitled "Syd, The Detective." Wednesday night the two act drama "In Raw Color" will be shown.

The Princess offers a two reel drama "The Still, Small Voice" for the first picture tonight. Helen Gardner is featured and it is said to tell a thrilling story containing plenty of action. The other is a drama entitled "The Surprise of My Life." Bryant Washburn and Ruth Stonehouse are featured. Tomorrow matinee and night the three reel feature "The Love of Women" will be shown. Lillie Leslie and Jack Standing are featured. On Thursday night the two reel comedy "A Night Out" will be shown. Charles Chaplin is featured.

The Gem offers a big double program of five reels for tonight. The first picture is the final episode of "The Master Key." This picture brings to a close this thrilling story of adventure. The closing scenes are said to be very effective. The second picture is a two reel comedy-drama entitled "Three Bad Men and a Girl." Grace Cunard and Francis

Ford are featured. The last is another of those popular comedies "Almost a Scandal." Billie Ritchie, who has become a favorite at the Gem is featured.

## MAKING A HURRIED TRIP

(By United Press)

San Francisco, May 4.—United States Ambassador Guthrie arrived here today from Japan on the steamer Manchuria enroute to Washington. His mission is so urgent that he even refused to visit the Panama-Pacific exposition between his arrival and the time his train east departed. He refused to discuss the Chinese-Japanese crisis or admit that his present trip was concerned with that situation.

## MARRIED MEN ON THE JURY

(By United Press)

Minneola, New York, May 4.—A jury of married men will decide whether or not Mrs. Florence Carter fired the shot that killed Mrs. Louise Bailey on June 30 last. This was made almost certain by noon today when court recessed. Ten jurors had been chosen at that time. Nine of them are married and the other is a widower.

## IMPEACHMENT TRIAL SET

(By United Press)

Indianapolis, Ind., May 4.—The supreme court today fixed May 14 at 9 a. m. as the time when Judge Elie Redman of the Vigo circuit court to show cause why he should not be impeached. He is serving a five year term in Leavenworth for conspiring against the government and it is not known whether he can appear. The sheriff of Vigo county was ordered to notify Redman.

## DENIES BOND REDUCTION

Chicago, May 4.—The United States circuit court of appeals today denied the motion of attorneys for the convicted Terre Haute politicians for a reduction in their bail bond. The decision was on the ground that they had not properly complied with the order of Circuit Judge Kollsant to take the matter up with District Judge Anderson at Indianapolis before applying to the court of appeals for relief.

## GOSHEN VOTE "DRY."

Goshen, Ind., April 4.—In the third city local option election in the history of Goshen, held here yesterday, the "dry" won by 221. In 1911 the "wets" were victorious by 146 and in 1913 the "wets" won by 32. The total vote yesterday was 2,533 as against 2,380 in 1911 and 2,388 in 1914. Eleven saloons will be forced out of business July 31.

## ADDRESSED CIVICS CLASS.

Charles H. Brown, deputy postmaster, addressed the civics class at the high school yesterday on the "History and Organization of the Postoffice." The address was well given and quite interesting.

Miss Wilna Bever has resigned her position at the Phelps bakery, and is succeeded by Ross Mattix of Cartage.

John Osborne, living on the W. D. Root farm, shipped a car load of hogs to the Indianapolis market today.

Miss Hazel Smith of Jackson township, was taken to the Sexton sanitorium this morning to undergo an operation.

The Graham grades will give an exchange Saturday forenoon in the Davis millinery store for the benefit of the playgrounds association.

The Rushville Natural Gas Company has moved its offices from the Bowen room in Main street to the south half of the home of Mrs. O. P. Dillon, which is two doors north of its old location. The rooms which the gas company occupied will be remodeled by Will Bowen and converted into an office and show room for his garage.

You needn't put up with "washy" coffee. There's Golden Sun coffee, snappy and wholesome.

**Indiana Not Alone.**

Indiana is not alone with legislation against the trading stamp business. The trading stamp business in Pennsylvania will be materially affected in that state if a bill passed by the house of representatives becomes a law. It is known as the Walton bill, having been presented by Representative Walton of Lawrence county. The vote was 146 to 17. The bill calls for a tax of \$1,000 a year upon every trading stamp company and a tax of \$150 a year upon all retail merchants using such stamps.

A firm or corporation wishing to run an independent trading stamp business would be taxed \$1,000 for each place of business operated. This would cover retail grocery and cigar store enterprises which have such a scheme in operation at this time.

One-fourth of the revenue would go to the state and the remainder to the counties for road and bridge purposes. Mr. Walton said the bill had the backing of the Retail Merchants' Association of Pennsylvania with a membership of 10,000.

It is very similar to the one in Indiana except that the Hoosier statute does not call for a license from the local dealer. The constitutionality of the Indiana law is being questioned in the federal court in Chicago recently and next Saturday in federal court in Indianapolis a hearing for a permanent injunction against the law will be held.

**What Bad Roads Will do.**

There is no end to the things which bad roads may do. As a general thing, the roads of Rush county are a credit to the county, but is nothing made by human hands which can not be improved, and, of course, there are many stretches of road in Rush county which might be much better if the proper road officials would pay more attention to their upkeep.

Some few years ago a beautiful woman in the prime of her life lay suffering in her home in a rural community. It became imperative that she have medical aid at once. The hired hand on the farm was sent to get a doctor. He made the best time possible, whipping his nag with unabated vigor, but the roads were muddy and bad, and traveling at the best was very slow. He lost much time in going and the physician was equally delayed in making his way to the sick bed.

After many hours he reached the bedside of the sick woman. But death had beaten him in the race, because death had no bad roads to cover. Had the doctor reached her a bit sooner, her life would most certainly have been saved. But he did his best—and bad roads did the rest. Undoubtedly, bad roads killed this woman, not the disease which might have been stopped.

And bad roads are killing others in the same way. Certainly a human life is worth more than a few dollars spent on country roads.

But who is going to deny that Rushville is not "The Convention City" when seven meetings of more than local significance will be held here during the summer months? It behooves Rushville to be "on its metal" and get all the free advertisement it possibly can by giving its visitors a fine impression of the place and make for itself a reputation of being wide awake and alive to its opportunities.

A dollar spent on the streets of

Rushville is worth ten times the amount to the people who have to walk them.

They say General Villa is reaching the end of his rope. But Pancho hopes it will not be attached to a strong limb.

Only our well known spirit of neutrality prevents our expressing an opinion of the fellow who reads his neighbor's paper and then gives the paper a roast.

The girl who persistently angles generally makes a poor catch.

An old batchelor is never so happy as when telling of the many charming women who have yearned to call him hubby.

**HOOSIER HISTORY**

(Prepared by the United Press from Records in the State Library.)

The first benevolent institution to be organized in the state of Indiana, was the school for the deaf which was located at Indianapolis, in 1844. Three years later the school for the blind also was established in the capital city. The first hospital for the insane was authorized established shortly after this and was located just west of Indianapolis.

The need for a home for soldiers, sailors and their wives and orphans caused the home of that name to be established at Knightstown in 1867.

**TODAY IN HISTORY**

Judge A. Mitchell Palmer of the Court Claims celebrated his 43d birthday.

Harold Bell Wright, novelist, is 43 years old today.

Former Governor Deneen, of Illinois, today celebrated the fifty-second anniversary of his birth.

General Grant began his campaign in Virginia 51 years ago today.

This day, 117 years ago, Harpers Ferry, Va., was selected as a site for a Government arsenal and manufacture.

PREVENTABLE LOSS IN HANDLING EGGS.

A bulletin issued by H. E. Barnard, state food and drug commissioner, says millions of dollars are lost each year through preventable losses in the handling of eggs. The bulletin says:

The preventable loss in the quality and value of eggs incurred between the producer and consumer runs into millions of dollars annually in our state alone, and the farmer and consumer have to bear most of the burden; the producer gets less per dozen because every bad or stale egg thrown out by the jobber tends to reduce the purchase price, while the consumer has to pay a higher price for the eggs that finally reach him.

There is no money in any egg save a good egg and when the farmer realizes that he and not the grocer and huckster to whom he sells must stand the loss for bad eggs, he will be as careful of their quality as he is of the quality of his wheat or hogs.

If the suggestions below are followed eggs will be marketed in better shape and will yield a better profit to the producer.

Provide plenty of clean, dry nests for your hens.

Gather the eggs daily in cool weather and twice a day in hot or rainy weather.

Do not wash eggs. Use the dirty and small eggs at home.

Keep your eggs in a cool, dry place, which is free from odors.

Don't sell eggs which have been in an incubator.

Market your eggs daily, if possible; if not, every other day.

Don't sell eggs which are found

**IS NOT STRONG FOR THE JITNEYS**

They Are Having a Hard Time Breaking Into Indianapolis Despite Other Reports.

**NOW RUNNING ON A SCHEDULE**

Few Men Willing to Take a Chance and There Are Only Four Lines —Derry Speeded.

(By United Press.)

Indianapolis, May 4.—The jitneys are having a tough time of it breaking into Indianapolis. Finally after six weeks of running here and there four jitney buses were running today on a regular schedule in Central avenue. It appears that if the jitneys become popular there it will take them months, whereas in other cities the thing has been a matter of weeks.

Many reasons have been advanced why Indianapolis has been slower than such cities as Kansas City, Terre Haute and Los Angeles, where the nickel-a-ride autos are swarming by hundreds. The most probable is that the Hoosier capital is a conservative town. Few men with \$500 or more to invest care to venture, and the populace that is accustomed to riding in poorly ventilated and over crowded cars that pile up for blocks in order that each and every one must pass Illinois and Washington streets, look with disfavor on the little runabouts.

Ray Shelly, one of the jitney drivers, felt cold chills run along his spine when he was informed that the passenger who just left his car was City Judge James E. Deery. Deery is the one whom the speeders face "the morning after the night before" and workhouse sentences are rather common. Shelly wasn't exactly speeding, but very few autos in Indianapolis observe the 20-mile-an-hour limit, and there isn't much doubt that Judge Deery's auto-broke the law taking him to court.

in a stolen nest. Use them at home. "Keep the eggs out of the sun when taking them to town.

"Don't keep eggs near oil, onions, etc., as they readily absorb odors.

"Kill or sell all roosters as soon as the hatching season is over."

The Indiana Food Law forbids the sale or offering for sale of eggs which are in any degree decomposed putrid or rotten. Eggs showing spots, blood rings or rots are unfit for food. Egg producers, hucksters and dealers are urged to candle all receipts and to throw out all bad eggs to prevent expense in handling and shipping eggs which must ultimately be discarded.

Food inspectors and local health officers are charged with the enforcement of the Pure Food Law. All citizens and dealers are requested to report the sale of bad eggs to H. E. Barnard, state food and drug commissioner.

**THE EASIEST WAY TO END DANDRUFF**

Stop Falling Hair and Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid soap; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to keep your hair looking rich, do all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid soap at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Market your eggs daily, if possible; if not, every other day.

Don't sell eggs which are found

**HIGH POSITION HELD BY WOMAN**

Mrs. D. M. Rolph of Colorado, Has Distinction of Being Only Woman Insurance Commissioner

**EIGHT YEARS EXPERIENCE**

Passes on Assets of Every Company Doing Business There—is Not a Politician

(By United Press.)

Denver, Colo., May 4.—The only woman state insurance commissioner in the world, Mrs. D. M. Rolph of Colorado, admitted today that she did not know an insurance policy when she saw it eight years ago, just starting her climb as a clerk in the state insurance commissioner's office.

"My experience was limited to a short business course in Utah after which I got married and started to raise babies," she said. "Later, necessity compelled me to go to work and I just went at it, and here I am."

And where she is has under her dainty thumb 332 insurance companies, worth many times many millions of dollars. Mrs. Rolph is the type of woman described as tiny. Her age—well never mind her age. She's young. She isn't a politician and it is doubtful whether she could deliver a speech and certain that she couldn't carry a precinct by regular political methods. But she can superintend the insurance department of Colorado state.

Her duties are enormous and responsible. She passes on the assets of every insurance company doing business in Colorado and these assets are in every imaginable form of property. She's witty, too, with this responsibility, and when an insurance company recently reported it owned some brewery stock she suggested they sell it, "for brewery stock may not be worth much in a very few years."

Mrs. Rolph was appointed commissioner by Governor Carlson last January.

**EASY TO DARKEN YOUR GRAY HAIR**

Try this! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

## CONCESSIONS HURT FARMERS

Department of Agriculture Warns Them Against Taking Advantage of Demurrage Charges.

### REALLY HELPS OTHER FELLOW

Experts From This Country Will be Asked to Aid Servia in Getting Back on its Feet

Washington, May 4.—The Department of Agriculture in a bulletin just issued warns farmers against taking advantage of such state car demurrage codes as apparently give the farmers special concessions. Such concessions, says the bulletin, do not work to the farmers' real benefit, since the man who is backward in loading or unloading freight contributes just that much to the car shortage throughout the country, from which the farmer suffers more than any other business man. If the farmer refuses all such concessions he is in better position to urge the abolition of all concessions made in favor of others.

Demurrage charges, the bulletin points out, really benefit shippers as a whole, furnishing as they do a protection against the selfishness of single shippers, many of whom would use cars for storage purposes indefinitely if they were not compelled to pay for the privilege. There is no reason says the bulletin, why the whole community through lack of cars, should pay for the storage allowed one shipper. No person is so vitally affected as the shipper of farm products and it is declared he can do his part toward remedying conditions by refusing all concessions.

"On the farm not one boy in a thousand has been taught the scientific facts of soil cultivation, plant breeding, seed selection and the advantage of co-operation in producing and marketing crops; not any of the things that go to make agriculture a real organized industry," declared Secretary of Commerce Redfield the other day in talking with a representative of the Southern Conference for Education and Industry. "Many a farmer north and south, is poor because he does not get the most possible out of his farm. He has not the labor saving devices nor the power that is needed for success. But it is not entirely his fault. Nobody ever has shown him how to improve his methods. The farm demonstrations work carried on by Dr. Seaman A. Knapp of the Department of Agriculture, has been a wonderful help to the whole country. Many a boy has the innate capacity to make a success on the farm, if he is trained properly."

American farm experts will be asked to go to Serbia and help that nation back on its feet, after its three devastating wars. The American committee for Serbian Agricultural Relief, of which Dr. Charles W. Eliot of Harvard is head, made the announcement here.

About eighty per cent of the Serbians are farmers in normal times, most of them owning their little five-acre tracts. They used the most primitive methods until recent years, when M. Lozenitch, then Secretary of Agriculture and Commerce, caused the importation of improved implements and the introduction of scientific methods. German professors were engaged to teach the Balkan farmer and were finding him an apt pupil when war broke out.

The present war, the third in as many years, finds Serbia one of the principal battlefields and already more than half her country has been laid here. Ruin, desolation and want are spread over the northern districts, while the women and children have been huddled in concentration camps beyond the final of the trenches.

It is now desired to return the women and children to their homes—or the places that formerly were home. M. Lozenitch has entered into communication with some of

## Skirts Are So Short That They Are Approaching The Dead Line

BY MARGARET MASON

(Written for United Press.)

Her Grace is of the ballet not at all. It's simply bally rot. Though true it is she wears much shorter

Her skirts than she really ought. London, Apr. 22. (By Mail to New York.)—It's amazing the way titled skirts are creeping up aristocratic shins. Talk about your belted Earl you really can't say much more about his Lady Countess wife these days, or rather nights, for skirts are cut so high and her waists are cut so low there isn't much more than a girdle for an embarrassed eye to cling to.

For daytime frocks and costumes as well Her Grace, My Lady and the Hon. Molly are showing an expanse of ankle that generously goes the eight inch mandate at least two inches better, or perhaps we should say worse. Skirting a rather tender subject, there seems to be abundant evidence these days that you can go further and fare worse when it comes to a question of British skirts. The pretty English dairy maid who voiced the historic answer that "My face is my fortune" could never have gotten by with a like statement about her feet. But be that as it may, feet, and even much feet, seem to demand even more inches when you start to hem about them.

A cunning little dreadnaught grey costume of faille shows the short skirt tendency and other things besides. Of course, the skirt is circular; they are always that or pleated these times, and is finished around its voluminous rippled hem with a band of eight inch black silk braid. The blouse worn with it is of the same color chiffon with bell shaped sleeves and a high military collar. It is buttoned straight up the front, as is the skirt from hem to belt, with bullet buttons of black onyx. The little short box coatee comes just to the waist line and has the regulation military braiding across the front carried out with a narrower width of the black silk skirt braid and the bullet buttons. High black patent kid shoes with grey leather uppers laced on the sides are worn with this striking outfit. A chic little black satin brimless hat fits tight and snug to the top of the head as if it were moulded to it and flaunts two bunches of black aigrettes bent like Mercury wings one jutting from the left rear

There is quite a penchant for the velvet bodice in evening frocks and not only are the contracting black velvet bodice and net skirts much worn, but a charming pastel blue taffeta with a velvet bodice of the shade was the sartorial hit at the Savoy the other night. The skirt was caught up on the left side in kirtle effect with a garland of pink roses also served in lieu of the left shoulder strap.

this country's most expert agriculturists asking that they assist and that American seeds and machinery be sent. The Department of Agriculture is understood to be favorable to the idea.

TEACHERS OF M. E. SCHOOL MEET WEDNESDAY NIGHT

The teachers and officers of St. Paul's M. E. Sunday school will meet Wednesday evening at 7:30 o'clock with the Rev. and Mrs. A. D. Batchelor. After the regular business session, the Bible Study will be taken up according to Sixth Study of the "Earliest Portrait of Jesus."

To understand the miracles of the Gospel it is helpful to have a clear conception of the conditions in the Galilee of Jesus' day and of his character and aims. The previous studies have prepared for this conception. Wrong living and thinking had entered into the civilization of Palestine at the time of Christ. Into this life Jesus entered with a mind that was clear and sane and that recognized the hidden causes of guilt and suffering. What then is the significance of the miracles of Jesus?

All members are requested to look up the following questions:

1.—How many and what miracles are particularly described in Mark's Gospel? (Indicate by chapter and verse the passage in which each story of a miracle is told.)

2.—What impression of the total number of miracles which Jesus worked?

3.—Over what forces do the miracles of Jesus severally display His power?

4.—What means if any, did Jesus employ in the working of each mira-

and the other from the right front. Incidentally the smart American women who wore it has been in England for two years. She admits tearfully that she is dying to go home but simply can't this season as she has just laid in a supply of spring and summer hats each and every one of which boasts their only trimming huge and lavish bunches of aigrettes or Paradise.

They occasionally do trim hats in something besides aigrettes over here, however, for I glimpsed a tiny blue turban on Bond Street the other day that was fantastically adorned with three lemons. This ought to prove a helpful hint to the homesick American. By having her wonderful feathers replaced with citrus fruit she would only be realistically flaunting her private opinion as to the true status of any possible substitute trimming.

At a little informal midnight supper dance last week Miss Nancy Canard and Iris Tree proved ardent advocates of the abbreviated skirt. Being a true descendant of the Canard line it seems quite appropriate that Miss Nancy should flaunt a high water frock and it was most appropriately composed of a frothy foaming bodice of tulle girdled with a sash of evening little white cap sleeves. The skirt was two foaming white billows of tulle girdled with a sash of seagreen ribbon.

Miss Tree with her blonde hair in a bang was most fetching in a black velvet bodice sleeveless save for shoulder straps of the black. It was cut out with rather a square Dutch effect in front and back and a single half blown rose of pink broke the black comeliness near the left shoulder. The bodice ended abruptly at a round rather short waist line and the skirt composed of three full flounces of tulle, one pale blue, one pale pink, and one yellow burst butterfly like from its black velvet chrysalis. The Tree limbs were incased in pale blue stockings and black velvet slippers.

There is quite a penchant for the velvet bodice in evening frocks and not only are the contracting black velvet bodice and net skirts much worn, but a charming pastel blue taffeta with a velvet bodice of the shade was the sartorial hit at the Savoy the other night. The skirt was caught up on the left side in kirtle effect with a garland of pink roses also served in lieu of the left shoulder strap.

cle? and why?

5.—What was the purpose of each miracle?

6.—What characteristic quality of Himself does each miracle display?

7.—The miracles have been called acted parables. Is this saying just?

8.—What symbolic meaning does any of them have for us?

9.—What is the faith Jesus commanded? Did He demand faith as a condition precedent to works of healing? or did He authorize and encourage faith as a supreme confidence in Himself?

10.—Memorize Mark 1:41; 9:23.

## SOME INDIANA PEOPLE GET QUICK RELIEF

Hundreds of Indiana people have found relief from stomach and digestive troubles by the use of Mayr's Wonderful Remedy.

This remedy is safe and efficient. The first dose gives results. And the treatment is not long. It has a wonderful record.

Here are the statements of two who have used and proven the merits of the remedy:

CHARLES INMAN, 424 East Chestnut St., Hartford City, Ind.—"Four doctors said they could not cure me unless I went to Fort Wayne to be operated on. I took your treatment. In three weeks I went to work and haven't missed but a half day since."

WALTER SPRAY, 1011 South Second St., Frankfort, Ind.—"Before I took your medicine I suffered a great deal, but since I took the first dose I have not had a bad spell. I feel it is even more than you claim."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

## UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as radical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte. J. B. SCHRICHTE SONS MONUMENTS

## IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-  
achy or Bladder bothers—Meat  
forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

## DEATH RATE IS HIGHER IN MARCH

### Grim Reaper Made Heavy Harvest Both in Urban and Rural Dis- tricts in Indiana.

### MANY SUICIDES REPORTED

### Accidental Deaths Are Also Numer- ous, According to Report—

Eleven Murders Included.

The death rate in Indiana for  
March increased over the rate for  
March, 1914, in both city and rural  
communities, according to reports  
just made public by the state board  
of health. In March, 1,945 persons  
died in the rural communities of the  
state, at a rate of 14.7, while in  
March, 1914, there were only 1,800  
deaths, at a rate of 13.6. In cities  
of the state 1,787 persons died dur-  
ing the month, at a rate of 16.5,  
against a rate of 15.9 last year and a  
total number of deaths of 1,796 for  
March. The total deaths in the  
state for March were 3,732 and for  
March, 1914, the total was only 3,596.

The highest death rate was re-  
ported for the central counties of  
the state, where 1,619 persons died  
and the rate exceeded that of March  
a year ago and was 1.3 higher than  
the rate for the whole state. The  
death rates are estimated on each  
1,000 population, figured annually,  
for the month in question.

The northern counties of the state  
presented the highest death rates  
for such diseases as whooping cough,  
diarrhoea, and enteritis, poliomyelitis  
(infantile paralysis), influenza  
and smallpox. In the central coun-  
ties the higher death rates were  
from such diseases as diphtheria,  
pneumonia, cerebro-spinal fever,  
puerperal septicemia, cancer and  
external causes.

Tuberculosis, typhoid fever, scar-  
let fever and measles reaped the  
heaviest harvests in southern Indiana.

Death rates for the larger cities  
of the state follow: Indianapolis,  
18.1; Evansville, 14.3; Ft. Wayne,  
14.1; Terre Haute, 17.4; South Bend,  
14.6; Gary, 12.8; Muncie, 12.5;  
Hammond, 15.9; Richmond, 20.1;  
Anderson, 14.5; East Chicago, 18.7;  
Elkhart, 16.3; Lafayette, 31.5;  
Michigan City, 15.3; New Albany,  
19.4; Logansport 17.4; Marion, 12.2.

There were forty-two suicides dur-  
ing the month—men, 35; women, 7.  
Poison caused 12 such deaths,  
asphyxiation 2, hanging or strangula-  
tion 3, drowning 1, firearms 18, cut-  
ting or piercing instruments, 4, jumping  
from high place, 1, and crushing, 1.

There were 138 accidental deaths;  
5 by poisoning, 14 by burning, 13 of  
which were the deaths reported when  
the Delaware county infirmary burned.

Railroad accidents caused 21  
deaths and auto accidents 3.

Eleven persons were killed by others  
during the month, 7 men and 4  
women. Six were shot to death.

The total births in the state during  
the month numbered 5070, at a state  
rate of 23.8. Of these, 2,585 were  
boys and 2,485 girls. Lake county  
had the highest birth rate of any  
county in the state, with 36.8, and  
Scott county had the lowest rate,  
with 6.7.

FOR SALE—if you need a nice  
dressed chicken any day, call John  
Wildig, 4102, 2 long rings. 20t5

## Use of Streets for Playgrounds by Children Result in Many Accidents

BY CARLTON TEN EYCK  
(Written for United Press.)

New York, May 4.—"G'wan, I  
ain't no sisssy."

This answer of an East Side street  
gamin to a suggestion that he and  
his friends get out of the street and  
use a public playground for their  
"champeen" baseball game instead  
of dodging automobile, street cars  
and wagons in the streets is "the  
answer," according to the National  
Highways Protective Association, of  
the huge death roll in New York  
from street accidents.

Since January 1, 88 persons have  
been killed and several hundred more  
injured in street accidents. Of the  
88, forty were children. During last  
March alone twenty-seven persons  
including fourteen children, were killed  
by automobiles, street cars or  
wagons.

Automobiles take the highest death  
toll, sixty-two of the 88 killed since  
the first of the year having been run  
down by the "benzine buggies."

Despite admonitions of parents  
and police, the persons conducting  
campaign to prevent highway accidents  
say that children, especially in  
New York, simply will not keep off  
streets in their play. Playgrounds,  
while apparently jammed, to the eye  
of the casual observer, hold but a  
scant percentage of the youngsters  
who have other places to play except  
the streets, or else will not go to the  
playgrounds to be under the eye of  
playground directors.

Even the "poor little rich children"  
of New York—sons and daughters of  
Gotham's colony of millionaires,  
have few places—and are not allowed  
to go there if they would, trained  
as they are by careful governesses,  
tutors and nurses.

Riverside Drive and Central Park  
are now overflowed daily with chil-  
dren. These are the big playgrounds  
of the city, but the swarming streets  
of the tenement districts, with chil-  
dren darting across and about the  
streets, give ample evidence of the  
accuracy of the fatality figures pre-  
sented by the Highways Protective  
Association.

Fad for "oraganization" has ap-  
propriated the "twilight sleep." Now  
a national association to extend the  
propaganda of easy childbirth has  
been organized by women of Man-  
hattan and Brooklyn. It is planned  
to support and send lecturers into all  
large cities to organize branch as-  
sociations. Foundation of an ex-  
clusive "twilight sleep" hospital and  
clinic in Brooklyn is also planned.  
Several wealthy women interested in  
the movement have subscribed funds  
toward purchase of a site for the  
hospital and erection of a building.

A number of new docks on the  
Jersey bank of the Hudson river, just  
below the famous Palisades, are a  
commercial puzzle river folks are  
trying to solve. These "mystery"  
piers, built at vast expense, are now  
lying practically idle and useless and  
their purpose unknown. Two of the  
largest piers, which were built on re-  
claimed land, from sand and dirt  
dredged out of the bottom of the river,  
have never had a large vessel tied  
up. A watchman's shack and a few  
small pleasure crafts, given a haven  
at nominal rent, comprise their only  
present use after an investment of  
thousands of dollars.

One explanation of the idle docks  
is that the owners wished to pre-empt

the sites, looking toward the future  
for development of their use. An-

other is that they were to be used in  
quarrying operations on the Pal-  
isades. If the latter is their purpose,  
prospects of their use is rather re-  
mote. The immobile stone cliffs—one  
if the beauty spots of the Hudson—  
the Palisades are to be preserved by  
state law.

## Corn Plows--Steel Rollers

I still handle the Little Nation Corn Plow. This is the greatest plow on earth today—more of them used in Rush county than all the rest combined. Sold 90 of them in 1914 and I have 100 for 1915. I handle the Janesville Corn Plows, 2 rows. They are the finest finished goods in the city.

I have plenty of Steel Rollers—7 and 8 foot. I have one Corn Planter left and I would sell it if I had a buyer. I sold 15 of these planters.

I sell the best line of Galvanized Steel Tanks, Steel Troughs any size, Round Tanks Automatic Stock Fountains—no valves to get out of order. This fountain is the only one made that won't give you any trouble—the steel slide that has galvanized runners is the best that is on the market.

I have plenty and now is your time to get one worth the money, for I am going to sell them at a price that will sell them. I have most anything you want. Linseed Meal on hands. I have feed basket, steel rollers, 7 and 8 foot. Come and see what I have. I have the largest stock of goods in the city.

## WILL SOON HAVE THE DATA READY

Continued from Page 1.

Dixie Highway running from Cincinnati to Indianapolis, through Brookville and Rushville.

Said Commissioners further represent to the board that their report will recommend to be used for said Dixie Highway what is known as the old Brookville and Indianapolis road, commencing on the county line on the west and running thence east through Rushville and thence in a southeasterly direction to a line between this county and Franklin county near Andersonville and said commission respectfully asks said Board to pass and spread of record resolutions providing for the improvement and maintenance of said highway.

And the Board having considered said request now passes resolutions and causes the same to be spread of record as follows, to wit:

"Be it resolved by the Board of Commissioners of Rush County, Indiana, that we will use our best efforts and means to maintain the highway as above described in a first-class manner, keeping the bridges, drainage and metal in good condition, keeping the road bed smooth, free from chuck holes and rocks and always in a suitable condition for automobile traffic.

"Be it further resolved that as an inducement for said Dixie highway to pass through this county that we will instruct our road superintendent to give said highway his personal attention when any repairs are needed."

I, Allen R. Holden, auditor within

Continued from Page 1.

the Dardanelles was renewed with increased vigor by the allied fleet today. The Queen Elizabeth, Wansprig and other "big gunned" ships are raking the forts from the Aegean Sea and the Gulf of Saros while a squadron of French and British warships have penetrated the Straits and are concentrating their fire on the forts. Practically every unit of the fleet is engaged.

## DENY TURKISH SUCCESS

British Admiralty Declares Attacks of Enemy Were Repulsed.

(By United Press.)

London, May 4.—The admiralty this evening issued an official statement flatly contradicting all claims of Turkish success in the Dardanelles operations.

"Our forces have repulsed every attack of the enemy," the statement says, "and have inflicted enormous losses on him."

## THROUGH ALLIES LINES

German Forces Hammering Away, Official Statement Says.

Berlin, (By Wireless to London,) May 4.—The German forces operating in Belgium territory have again hammered their way through the allied lines. In an official statement issued today the war office declared that the Germans have captured Zeezeke, Zonnebeke and Westhoek. The allies in retreating were subjected to a very heavy flanking fire from the German batteries north and south of Ypres.

## WILD ENTHUSIASM.

(By United Press.)

Berlin, (By Way of Copenhagen,) May 4.—Unofficial reports that the new German victory in western Galicia has almost equaled the successes of General Hindenberg in the Mauian lakes, aroused wildest enthusiasm here today.

## BRITISH SHIP TORPEDOED.

(By United Press.)

London, May 4.—The British steamer Minterne has been torpedoed and sunk by a German submarine. The Minterne was of 3,018 tons. The crew is believed to have been saved.

I have the pleasure to announce that I represent the famous WADE corset in all the prevailing modish models. Made to special measurements or fitted from stock. Mary A. Brown, Phone 1886. 4416

## QUAKER CRAFT-LACE

Experts in home decoration recommend curtain nets for artistic window drapery. The most modern and approved form of curtain net is that product of the Quaker Lace Company now known as Quaker Craft-Lace.

Come and see our Quaker Craft-Lace stock. You will find it is comprehensive and complete. The range of patterns is wide and the range in price will meet any pocket book.

## Every HOUSEKEEPER Is DELIGHTED

when she has added to her establishment some choice possession that will stay good, that she knows will not get shabby and have to be replaced in a short time.

## Whittall Rugs

means just that to everyone who has ever had experience with them.

THEY ARE CHOICE POSSESSIONS AND THEY STAY CHOICE.

When you invest your money buy a standard article. Whittall Rugs bear their distinguished mark. The name Whittall's is woven into the back of every rug and every yard of carpet, just as standard silver bears the "Sterling" mark and gold bears the Karat stamp. Look for it when you buy rugs and carpets.

## Grass Rugs For the Porch

Sanitation safeguards to health. A few whisks with the broom and our grass rugs look like new. No woolly fibres or open pores to catch germ laden dust, no hours of back breaking porch scrubbing necessary. All Sizes. All Grades. All Prices.

## SAFETY FIRST

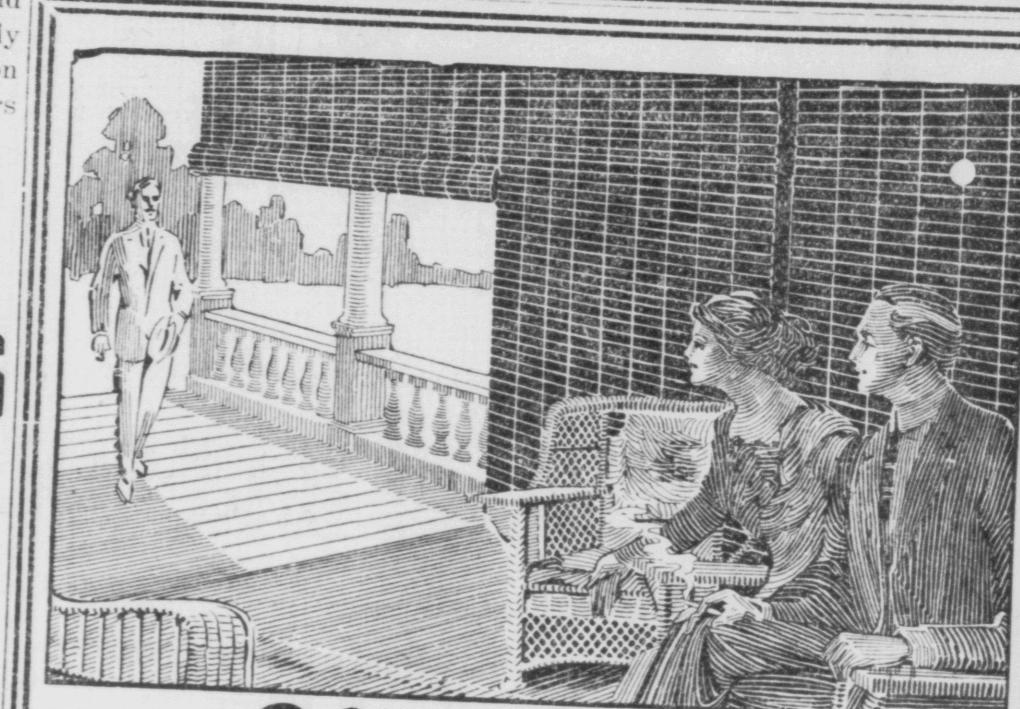

Is the splendid Policy of many people. Others Wait until the Loss comes. Valuable Papers when Lost can not be easily replaced.

Why not Protect them against Loss in a Safety Deposit Box in our Fire-Proof, Burglar-Proof Vault. Low Rental.

## RECEIVER IS NAMED TODAY

Judge Sparks Acts When One is Demanded For United States Board and Paper Co. Carthage.

### ED N. HILL IS APPOINTED

Alleged by Central Savings Bank of Michigan That Firm is \$69,000 in Debt to Banks.

Edgar N. Hill was appointed receiver today for the United States Board and Paper Company, of Carthage, as a result of a suit filed by the Central Savings bank, a Michigan corporation. Mr. Hill gave bond in the sum of \$25,000, which was approved by the court.

In the complaint asking for a receiver, the Central Savings bank alleged that the United States Board and Paper company was indebted to it in the sum of \$10,000, with interest on notes. It was pointed out that the company was on the verge of becoming insolvent and that a receiver should take over the property as there was danger that the creditors would foreclose and lessen the value of the company's holdings. It was alleged that the paper company was indebted in the sum of \$69,000 to banks for borrowed money.

In the suit for receivership it was brought out that the company had been operating at a loss and that there was great danger of a depreciation. It is understood that the receivership suit was a friendly suit and the defendant company made no effort to stop the appointment of Mr. Hill as receiver. The court also found for the plaintiff in the sum of \$10,050, the amount alleged to be due on notes and interest.

The complaint was filed this morning and was immediately acted upon by the court. It was alleged that the receivership was for the best interest of all the creditors and stockholders and that if the plant was allowed to operate as in the past it would be done so at a sacrifice of the property. In making his finding, Judge Sparks found that there was danger of insolvency and appointed Mr. Hill. It is understood that the appointment of Mr. Hill was satisfactory to both sides.

The United States Board and Paper company is one of the largest in the state and is the principal industry of Carthage. The complaint was filed by the firm of Henley, Fenton and Joseph, of Indianapolis, and the allegations of the complaint asking a receiver was sworn to by William J. Henley, who personally appeared in court. William A. Hough, of Greenfield, appeared for the paper company.

## STEAL SUIT AND 2 RAZORS

Thieves Enter Isom Stevens Home While Family is Away.

The residence of Isom Stevens, east of the city, was entered Sunday afternoon while the family was away, and a good suit of clothes and two razors were taken. It is believed that two men entered the house, as later in the afternoon some boys saw two men in the woods at the James Alsop place and later found the old clothes left by the man that got the good suit from Stevens. The boys stated that both men shaved and cleaned up in the woods. Sheriff Cavitt was notified but there is no clew.

Agnes Winston has filed suit on an account against Victor Scott, demanding \$19.50.

Continued on Page 8.

## VIEWERS ARE APPOINTED

Commissioners Name Officials For Two Roads in Anderson.

Before adjourning Monday afternoon the county commissioners appointed viewers for two roads in Anderson township. Henry Beckner and Greeley P. Manzy were appointed viewers for the Leander M. Carr road and Robert W. Nixon and H. Jefferson Reeves were appointed viewers for the William B. Crane road. In both roads Adolphus Cameron county surveyor was named as engineer. Enoch Spurgeon was appointed superintendent for the Spurgeon road. The commissioners adjourned to meet again Saturday.

## DEFENSE GIVES IT'S SIDE TODAY

Motorman on Interurban Which Struck Automobile in Newcastle Testifies in Court.

### IN THE \$2,000 DAMAGE SUIT

The damage suit of Charles A. Fletcher, et al., against the Union Traction company was still in progress today in the circuit court. It was believed this afternoon that the case would go to the jury some time Wednesday. The suit is the outgrowth of an accident in Newcastle when a traction car hit a taxicab owned by the Fletchers. The amount demanded is \$2,000.

The defense was introducing evidence today. The motorman of the car was on the stand for a long time. The defense maintains that the automobile was going so fast that it ran into the side of the traction car and was not hit by the car as alleged in the complaint. The motorman testified that the auto struck the car nine feet from the front and that a large dent was left in the side of the car.

## BLODGETT PAYS A VISIT HERE TODAY

Indianapolis News Correspondent Said to be Investigating Report of Some Township Trustee.

### NO CHARGES HAVE BEEN FILED

W. H. Blodgett, staff correspondent for the Indianapolis News, was here today on a story of some sort. It was reported that he was here to investigate the report of a Rush county trustee. It is known that he went to the auditor's office and called for the reports of the twelve township trustees for the year 1914. The state board of accounts has not accused any trustee in Rush county of any irregularities.

Examiners from the state board of accounts completed the examination of the reports of the township trustees in Rush county only recently, but there was no intimation, however, that they had found anything worthy of comment.

It was rumored today that some county officials had been expecting to hear from the state board of accounts in regard to the report of some trustee whose name is unknown.

Agnes Winston has filed suit on an account against Victor Scott, demanding \$19.50.

## RUSHVILLE IS CONVENTION CITY

Seven Meetings of More Than Local Significance Will be Held Here During Summer.

### FIRST ONE COMES TOMORROW

Bankers Convention Will be Followed by Fraternal and Womens Meetings Galore.

When the bankers of group six of the Indiana Bankers associations gather here tomorrow or their annual meeting, it will be the first of seven conventions of more than local significance which will be held in Rushville during the summer months and which may rightfully give Rushville the title of "The Convention City."

Business men and other residents of the city are urged to make mental note of the conventions which will be held here and be ready to decorate their places of business and homes and make the city's guests feel welcome.

There will be bankers here from fourteen eastern and southeastern Indiana counties. The principal address will be given by J. T. Davis, vice-president of the First National bank of Cincinnati, on the subject, "Modern Banking". John W. McCord, formerly a member of the state board of tax commissioners, will speak on the subject of "Taxation."

Lewis M. Sexton will preside and E. B. Thomas will deliver the address of welcome. John P. Frenzel, Jr., of Indianapolis, will respond. The usual business will be transacted and after the sessions at the Princess theater, a chicken dinner will be served at the Social Club rooms, followed by a cabaret entertainment by Miss Martha Hogsett and Jess Pugh.

Next in order will be the annual track and field meet and oratorical contest of the Central Indiana High School League here next Saturday. Between three hundred and four hundred high school students from eight Indiana cities will be present. School officials and others interested have made a special request that the business men endeavor to welcome the visiting young people by decorating, and by other means.

The track and field meet will take place at the Rush county fair grounds and the oratorical may likely be held at the new auditorium, in the Graham Annex, but this is still doubtful.

The next event of importance for Rushville will be the joint initiation service of the Knights of Columbus which will take place Sunday. At least one thousand Knights of Columbus from all over eastern Indiana are expected. Speakers of note are arranged for and it is stated that the complete program will be ready for publication tomorrow.

Not the least of the coming gatherings is the annual convention of the Sixth District Federation of Women's Clubs, which is to take place here May 20 and 21. There will be approximately one hundred women entertained here the night of the first day's session and at least four hundred are expected the second day.

The annual meeting of the Women's Missionary society of the Indiana Presbytery of the United Presbyterian church is scheduled to be held here June 22 and 23. This will bring women here from eastern and southeastern Indiana counties.

As the missionary meeting closes, the national convention of Psi Iota Xi sorority will begin. It opens on the night of June 23 and will continue for three days, or until the night of

## WILL SOON HAVE THE DATA READY

Dixie Highway Commission of Five From This County Will Hold Final Meeting Today.

### MILEAGE IS OBTAINED TODAY

Will Forward Copy of Statistics to Each of Fourteen Members of Highway Commission.

Before another day elapses, the Dixie Highway commission of five members, for Rush county, will have all the data called for in resolutions adopted by the fourteen commissioners from 7 states at a meeting in Louisville, Ky., last month and will forward it to the commission before May 10, as requested in the resolutions.

The commission met last night to prepare some of the statistics, after meeting with the county board of commissioners yesterday afternoon and presenting resolutions which the board passed.

T. H. Reed, a member of the commission, planned to get the mileage of the proposed route in Rush county yesterday afternoon, but a rain storm prevented and this morning he started out in his automobile to get the number of miles from the western Rush county line to this city. This afternoon he expected to get the mileage from here to the southeastern county line near Andersonville at a point, where the proposed route goes into Franklin county.

The Rush county committee will hold another meeting tonight at Samuel L. Trabue's office and complete the work. The committee today planned to answer all the questions asked by the Dixie Highway commission.

Members of the local committee were so familiar with the proposed route that with a map they could easily give the conditions of the roads, viz., that part which is improved with hard surface, that which is gravel or macadam, that which is natural without hard surface, and the grades and drainage.

They gave the number and character of bridges classified as concrete, steel, wood and free or toll. There is none of the latter class over the proposed route in Rush county.

The committee hardly needed to answer the question as to what arrangements would be made to put the roads in first class condition as they are already that way, but the resolutions adopted by the county board of commissioners are a guarantee that special attention will be given the roads which the proposed route covers in this county. The committee is also preparing some data on points of historical interest along the highway in this country.

The result of the meeting with the board of commissioners yesterday afternoon is the following document, a copy of which will be forwarded to each of the fourteen Dixie Highway commissioners:

State of Indiana, County of Rush, Commissioners' Court, May term, 1915. In the matter of the Dixie Highway:

Come now, Alonzo L. Stewart, Theo. H. Reed, Rush G. Budd, Rev. M. W. Lyons and F. G. Hackleman, and represent to the Board, that they have been appointed and designated as the Dixie Highway Commission for the County of Rush and the State of Indiana, by Samuel L. Trabue, acting under and by virtue of authority granted at a meeting held at Brookville, Indiana on Friday, April 30, 1915, for the purpose of locating that section of the

## OVER HALF HUNDRED GUESTS

Visitors See Exemplified First Degree by K. of P. Team Here.

There were one hundred and fifty present, fifty-one of which were visitors when the degree team of Ivy lodge, No. 27, Knights of Pythias, gave the exemplified first degree at Knights of Pythias lodge rooms last night. Visitors were here from Greenfield, Knightstown, Richmond, Indianapolis and Shelbyville. Among the guests were District Deputy Fry of Richmond. Forty of the guests were from Greenfield. They came in eleven automobiles. Recently members of the Rushville lodge were guests at Greenfield when the same work was given. A lunch was served after the work.

## LEADERSHIP FIGHT IS OPENED UP TODAY

President Wilson-Bryan League in Indiana Urges Anti-Ring Man to Seek Nomination.

### REAL ISSUES ARE OUTLINED

London, May 4.—Following a conference of the Nationalist members of parliament it was announced that they had decided to oppose the new cabinet drink tax. This is the first open break in parliament since the outbreak of the war. It is considered certain that many of the Laborites will support the Nationalists in their stand. They are very bitter over the continual reiteration by the government leaders of the charge that the workers of the nation in reality are drunkards.

The labor leaders plan to make an open protest in parliament against the charge that through drink their followers have seriously impeded British success.

London, May 4.—Following a conference of the Nationalist members of parliament it was announced that they had decided to oppose the new cabinet drink tax. They are very bitter over the continual reiteration by the government leaders of the charge that the workers of the nation in reality are drunkards.

Kirby's letter states that because the Democratic congress provided for a tariff commission that issue will be eliminated from national politics. He concludes that the issues will be moral ones, and states that because Risk always has been opposed to ring rule, he is the natural leader.

Womans' suffrage and the constitutional convention are to be the real issues, Kirby states.

The letter calls attention to the fact that Risk led in the fight for the Jones primary law.

Lending color to the belief that a crisis has been reached, it was announced today that the king and his ministers had abandoned their plans to attend the unveiling tomorrow of a monument to commemorate the achievements of Garibaldi's volunteers.

Rome, May 4.—The most intense excitement pervaded the city today with rumors that Austria's final word had been delivered yesterday to Foreign Minister Sonnino and had been regarded as unacceptable by the cabinet council.

### Self Starters

Newspaper advertising is self-starting and results are apparent almost immediately.

It starts consumers to the stores where the goods are sold and enthuses the storekeeper who sells them.

It puts the clerks in a good humor—for nothing is so stimulating as "good business."

It sells the goods because it carries their message directly to the home at the time people are anxious to buy.

For manufacturer or merchant no method of advertising is as productive as the printed word in the daily newspaper.

# Your Floor Coverings and Draperies

House cleaning at hand is suggestive of needs in Floor Coverings and Draperies. Every person of right mind is interested in anything that will add beauty and real attractiveness to the home.

Do you know that we can be of vital assistance to you along these lines? —Mrs. Wash Allen was a visitor today in Indianapolis.

—Fred Sharp of Newcastle spent last evening in this city.

—E. H. Haggans of Greenfield came yesterday for a visit here.

—E. W. Roberts of Indianapolis transacted business here today.

—W. R. Smith of Indianapolis visited among friends here today.

—H. B. Jones of Richmond spent the day with friends in this city.

—A. D. Ambrose of Indianapolis was in this city today on business.

—Mrs. M. E. Coyne was among the passengers this morning to Milroy.

—Mr. and Mrs. J. Henry Moore were among the passengers this morning to Liberty.

—Will Henley returned to Indianapolis this morning, after a brief business trip to this city.

—Mr. and Mrs. F. M. Needham left this morning for a week's visit with friends in Indianapolis.

—Mrs. Austin Hyatt returned to her home this morning in Arlington, after a visit with relatives east of this city.

—Mr. and Mrs. John Sedden of Greenfield were in this city this morning, enroute for a visit with Mrs. Anna Ridlen in Arlington.

—Mrs. J. W. Ferreira returned to her home this morning in Silver Lake, Ind., after a visit with her mother, Mrs. Nora Lore in this city.

—Mr. and Mrs. C. A. Sparks left this morning for Washington, Ind. Mrs. Sparks is seriously ill with tuberculosis. Mr. Sparks is captain of the local Salvation Army.

—Mr. and Mrs. Pete Fling and daughter of Denver, Col., who have been visiting Mr. and Mrs. J. B. Erle of this county returned this morning to their home.

—Prof. N. W. Coil of the local high school went to Carthage this morning on business. Mr. Coil will be superintendent of the school in that place next year.

—Mr. and Mrs. Charles Hugo will leave tomorrow for an extended trip through the south and west, making stop-offs in Alabama, El Paso, Texas and the Panama Pacific Exposition.

—Mrs. W. S. Conde went to Anderson this morning for a visit with Mrs. Frank Wooster who accompanied her there. Mrs. Conde suffered a stroke of paralysis in California recently.

Mildred Wolter, daughter of Mr. and Mrs. John Wolter sustained a broken wrist bone yesterday afternoon in a fall while roller skating. She tripped and in the fall the right wrist bone was fractured.

Only high grade coffees in Golden Sun blends. You are sure to be pleased. Ask your grocer. 441

Society News

The Psi Iota Xi sorority will be entertained by Miss Marie Clawson at her home in West Seventh street tomorrow night.

The Ladies Aid society of the Sexton Christian church will hold an exchange in John Morris' hardware store Saturday, May 8.

The Women's Missionary society of the First Baptist church will be entertained by Mrs. J. E. Black at her home in West Second street tomorrow afternoon at 2:30.

The Band of Workers of the First Presbyterian church will be entertained Wednesday afternoon by Mrs. J. L. Cowing, Mrs. Albright, Mrs. Chew and Mrs. Dickman at the home of Mrs. Cowing in North Main street. Members are requested to take their needles.

The Willing Workers Bible class of St. Paul's M. E. Sunday school will meet at the home of Mrs. O. M. Smith, 906 North Harrison street, Thursday afternoon. Mrs. E. O. Arbuckle will have charge of the guessing contest. A full attendance is requested.

Relatives here have received the announcement of the marriage of Hugo A. Moffett, formerly of this city, but now of Cincinnati. Mr. Moffett was married to Miss Frieda Schmaltz, May 1, in Cincinnati, and are now at home, 107 Mason street, Mount Auburn, Cincinnati. Mr. Moffett is a graduate of the Rushville high school and is well known in this city.

—Mr. and Mrs. Pete Fling and daughter of Denver, Col., who have been visiting Mr. and Mrs. J. B. Erle of this county returned this morning to their home.

—Prof. N. W. Coil of the local high school went to Carthage this morning on business. Mr. Coil will be superintendent of the school in that place next year.

Amusements

The Mystic will show a two reel drama "A Mask, A Ring and A Pair of Handcuffs" for the first picture tonight. Lucille Young and Charles Parsons are featured. It is an interesting drama telling a dramatic story. The other is a comedy entitled "Syd, The Detective." Wednesday night the two act drama "In Raw Color" will be shown.

The Princess offers a two reel drama "The Still, Small Voice" for the first picture tonight. Helen Gardner is featured and it is said to tell a thrilling story containing plenty of action. The other is a drama entitled "The Surprise of My Life." Bryant Washburn and Ruth Stonehouse are featured. Tomorrow matinee and night the three reel feature "The Love of Women" will be shown. Lilie Leslie and Jack Standing are featured. On Thursday night the two reel comedy "A Night Out" will be shown. Charles Chaplin is featured.

The Gem offers a big double program of five reels for tonight. The first picture is the final episode of "The Master Key." This picture brings to a close this thrilling story of adventure. The closing scenes are said to be very effective. The second picture is a two reel comedy-drama entitled "Three Bad Men and a Girl." Grace Cunard and Francis

Ford are featured. The last is another of those popular comedies "Almost a Scandal." Billie Ritchie, who has become a favorite at the Gem is featured.

MAKING A HURRIED TRIP

(By United Press.)

San Francisco, May 4.—United States Ambassador Guthrie arrived here today from Japan on the steamer Manchuria enroute to Washington. His mission is so urgent that he even refused to visit the Panama-Pacific exposition between his arrival and the time his train east departed. He refused to discuss the Chinese-Japanese crisis or admit that his present trip was concerned with that situation.

MARRIED MEN ON THE JURY

(By United Press.)

Minneola, New York, May 4.—A jury of married men will decide whether or not Mrs. Florence Carron fired the shot that killed Mrs. Louise Bailey on June 30 last. This was made almost certain by noon today when court recessed. Ten jurors had been chosen at that time. Nine of them are married and the other is a widower.

IMPEACHMENT TRIAL SET

(By United Press.)

Indianapolis, Ind., May 4.—The supreme court today fixed May 14 at 9 a. m. as the time when Judge Elie Redman of the Vigo circuit court to show cause why he should not be impeached. He is serving a five year term in Leavenworth for conspiring against the government and it is not known whether he can appear. The sheriff of Vigo county was ordered to notify Redman.

DENIES BOND REDUCTION

Chicago, May 4.—The United States circuit court of appeals today denied the motion of attorneys for the convicted Terre Haute politicians for a reduction in their bail bond. The decision was on the ground that they had not properly complied with the order of Circuit Judge Kollsatt to take the matter up with District Judge Anderson at Indianapolis before applying to the court of appeals for relief.

GOSHEN VOTE "DRY."

Goshen, Ind., April 4.—In the third city local option election in the history of Goshen, held here yesterday, the "drys" won by 221. In 1911 the "wets" were victors by 146 and in 1913 the "wets" won by 32. The total vote yesterday was 2,533 as against 2,380 in 1911 and 2,388 in 1914. Eleven saloons will be forced out of business July 31.

ADDRESSED CIVICS CLASS.

Charles H. Brown, deputy postmaster, addressed the civics class at the high school yesterday on the "History and Organization of the Postoffice." The address was well given and quite interesting.

Miss Wilma Bever has resigned her position at the Phelps bakery, and is succeeded by Ross Mattix of Carrollton.

John Osborne, living on the W. D. Root farm, shipped a car load of hogs to the Indianapolis market today.

Miss Hazel Smith of Jackson township, was taken to the Sexton sanitorium this morning to undergo an operation.

The Graham grades will give an exchange Saturday forenoon in the Davis millinery store for the benefit of the playgrounds association.

The Rushville Natural Gas Company has moved its offices from the Bowen room in Main street to the south half of the home of Mrs. O. P. Dillon, which is two doors north of its old location. The rooms which the gas company occupied will be remodeled by Will Bowen and converted into an office and show room for his garage.

You needn't put up with "washy" coffee. There's Golden Sun coffee, snappy and wholesome.

**Indiana Not Alone.**

Indiana is not alone with legislation against the trading stamp business. The trading stamp business in Pennsylvania will be materially affected in that state if a bill passed by the house of representatives becomes a law. It is known as the Walton bill, having been presented by Representative Walton of Lawrence county. The vote was 146 to 17. The bill calls for a tax of \$1,000 a year upon every trading stamp company and a tax of \$150 a year upon all retail merchants using such stamps.

A firm or corporation wishing to run an independent trading stamp business would be taxed \$1,000 for each place of business operated. This would cover retail grocery and cigar store enterprises which have such a scheme in operation at this time.

One-fourth of the revenue would go to the state and the remainder to the counties for road and bridge purposes. Mr. Walton said the bill had the backing of the Retail Merchants' Association of Pennsylvania with a membership of 10,000.

It is very similar to the one in Indiana except that the Hoosier statute does not call for a license from the local dealer. The constitutionality of the Indiana law is being questioned in the federal court in Chicago recently and next Saturday in federal court in Indianapolis a hearing for a permanent injunction against the law will be held.

**What Bad Roads Will do.**

There is no end to the things which bad roads may do. As a general thing, the roads of Rush county are a credit to the county, but is nothing made by human hands which can not be improved, and, of course, there are many stretches of road in Rush county which might be much better if the proper road officials would pay more attention to their upkeep.

Some few years ago a beautiful woman in the prime of her life lay suffering in her home in a rural community. It became imperative that she have medical aid at once. The hired hand on the farm was sent to get a doctor. He made the best time possible, whipping his nag with unabated vigor, but the roads were muddy and bad, and traveling at the best was very slow. He lost much time in going and the physician was equally delayed in making his way to the sick bed.

After many hours he reached the bedside of the sick woman. But death had beaten him in the race because death had no bad roads to cover. Had the doctor reached her a bit sooner, her life would most certainly have been saved. But he did his best—and bad roads did the rest. Undoubtedly, bad roads killed this woman, not the disease which might have been stopped.

And bad roads are killing others in the same way. Certainly a human life is worth more than a few dollars spent on country roads.

But who is going to deny that Rushville is not "The Convention City" when seven meetings of more than local significance will be held here during the summer months? It behooves Rushville to be "on its metal" and get all the free advertisement it possibly can by giving its visitors a fine impression of the place and make for itself a reputation of being wide awake and alive to its opportunities.

A dollar spent on the streets of

# IS NOT STRONG FOR THE JITNEYS HIGH POSITION HELD BY WOMAN

They Are Having a Hard Time  
 Breaking Into Indianapolis De-  
 spite Other Reports.

## NOW RUNNING ON A SCHEDULE

Few Men Willing to Take a Chance  
 and There Are Only Four Lines  
 —Derry Speeded.

(By United Press.)

Indianapolis, May 4.—The jitneys are having a tough time of it breaking into Indianapolis. Finally after six weeks of running here and there four jitney buses were running today on a regular schedule in Central avenue. It appears that if the jitneys become popular there it will take them months, whereas in other cities the thing has been a matter of weeks.

Many reasons have been advanced why Indianapolis has been slower than such cities as Kansas City, Terre Haute and Los Angeles, where the nickel-a-ride autos are swarming by hundreds. The most probable is that the Hoosier capital is a conservative town. Few men with \$500 or more to invest care to venture, and the populace that is accustomed to riding in poorly ventilated and over crowded cars that pile up for blocks in order that each and every one must pass Illinois and Washington streets, look with distaste on the little runabouts.

Ray Shelly, one of the jitney drivers, felt cold chills run along his spine when he was informed that the passenger who just left his car was City Judge James E. Deery. Deery is the one whom the speeders face "the morning after the night before" and workhouse sentences are rather common. Shelly wasn't exactly speeding, but very few autos in Indianapolis observe the 20-mile-an-hour limit, and there isn't much doubt that Judge Deery's auto-broke the law taking him to court.

Judge A. Mitchell Palmer of the Court Claims celebrated his 43d birthday.

Harold Bell Wright, novelist, is 43 years old today.

Former Governor Deneen, of Illinois, today celebrated the fifty-second anniversary of his birth.

General Grant began his campaign in Virginia 51 years ago today.

This day, 117 years ago, Harper's Ferry, Va., was selected as a site for a Government arsenal and manufactory.

\*\*\*\*\*

**PREVENTABLE LOSS  
 IN HANDLING EGGS.**

\*\*\*\*\*

A bulletin issued by H. E. Barnard, state food and drug commissioner, says millions of dollars are lost each year through preventable losses in the handling of eggs. The bulletin says:

The preventable loss in the quality and value of eggs incurred between the producer and consumer runs into millions of dollars annually in our state alone, and the farmer and consumer have to bear most of the burden; the producer gets less per dozen because every bad or stale egg thrown out by the jobber tends to reduce the purchase price, while the consumer has to pay a higher price for the eggs that finally reach him.

There is no money in any egg save a good egg and when the farmer realizes that he and not the grocer and huckster to whom he sells must stand the loss for bad eggs, he will be as careful of their quality as he is of the quality of his wheat or hogs.

If the suggestions below are followed eggs will be marketed in better shape and will yield a better profit to the producer.

"Provide plenty of clean, dry nests for your hens.

"Gather the eggs daily in cool weather and twice a day in hot or rainy weather.

"Do not wash eggs. Use the dirty and small eggs at home.

"Keep your eggs in a cool, dry place, which is free from odors.

"Don't sell eggs which have been in an incubator.

"Market your eggs daily, if possible; if not, every other day.

"Don't sell eggs which are found

## LET'S GET TOGETHER ON THIS SILO SITUATION

I want to talk to every farmer around here who is planning on building a Silo this year. I can help you choose the kind of a Silo you need to feed your stock. According to my way of thinking, there is just one real silo made—and that's the SAGINAW.

SAGINAW SILOS are Steel-built. They stand up against wind storms. They are air tight. They give sweet, clean succulent silage all the way through.

A SAGINAW SILO will bring you more profit on the farm.

By all means let me tell you about the SAGINAW SILO before you decide on a Silo. Let's get together.

## POULTRY MEN WILL ORGANIZE

Horsemen Rejoicing Over Report  
That Suburban and Flatbush  
Will Again be Run.

### SARATOGA GETTING BUSY

Meeting This Season Promise to be  
Superior to any Held Last Year  
—Class to be Shown.

BY HAL SHERIDAN.  
(written for United Press.)

New York May 4.—Horsemen are rejoicing over the reports that the Suburban Handicap and also the Flatbush, will be revived this year.

The Suburban, which in other days ushered in the Gravesend meeting, annually was a real classic ranking with the greatest races in the world. It probably will be made one of the features of the Empire session in July, while the Flatbush may be run off at Belmont Park.

Both should produce contests reminiscent of the days of the Kinley Mack-Ethelbert controversies of a decade or more ago, when such a nice mare as Imp, revered of all race goers of her day, was unable to do better than third in a true run race.

Saratoga, while mourning the loss of the famous Futurity, is seeking to put on a similar event that will serve as a real tryout for the big affair which has been captured by Belmont Park. There is no event quite like the big 2 year old classic and probably never could be, because the Futurity has its traditions. Whether Saratoga will make the attempt to furnish an attraction along the same lines will depend much upon the prosperity of the game between now and the Saratoga date.

Every meeting will be superior to anything given last year, in the class of horses that will face the starter. The Whitney, Keene, Belmont and other big racing interests are preparing some of the best bred horses in the world today for the post and if blood will tell—something not disputed—it may be that the public will witness new records and battles between stakes with all the old time rivalry and show that added so much in other years to the sport of kings and millionaires.

## POULTRY MEN WILL ORGANIZE

State Association to Band Together  
Interested Persons is Proposed  
by Purdue University.

### LARGE MEMBERSHIP NEEDED

Active, Interested Persons in the Orga-  
nization Means Big Things  
Will be Accomplished.

Indiana has a newly organized State Poultry Association. It was reorganized by making a combination of the Indiana Branch of the American Poultry Association and then small and rather inactive State Association. The object of this Association is to organize and band together for one common purpose all residents of Indiana interested in any phase of the poultry industry.

The poultry interests have never been well united and they have been unable, because of this, to do the things and be the influence that they should and can be. All the surrounding states have influential and prosperous poultry Associations and it is only necessary to look at the Missouri State Poultry Association to see what a wonderful good can be done through such channels.

A large membership is needed because numbers mean power, and with that much can be done. The returns a member may set for his dues in the Indiana State Poultry Association are varied. They will depend largely upon the desires of the members. Active, interested membership means big things. For the present every member will be listed in a breeders catalogue that will be issued along with the new constitution. Names will appear under the list of breeds owned and should be worth in advertising, the full cost of the membership.

Every man or woman who loves poultry should be interested in a state poultry organization. For full details write A. G. Phillips, Secretary, in care of Purdue University, LaFayette, Indiana.

## EXPECT REVIVAL MEETING TO HELP

"Drys" at Hartford City Believe  
Enough Votes Will be Secured  
From Among 1,600 Converts.

### VIGOROUS CAMPAIGN BY WETS

By United Press.  
Hartford City, Ind., May 4.—The option election here today at which fifteen saloons are at stake will largely be determined by the attitude of 1,600 converts of a recent revival according to the views of the dry leaders. If the converts can swing 800 votes among them, the city will go dry.

The wets have conducted a most vigorous campaign here in the name of the Tax Payers' league. They have bought plenty of advertising space and made forceful arguments. Among their points are the following.

"Prohibition has neither improved morals or decreased intemperance. With prohibition rents depreciate, business booms are emptied, blind tigers flourish, taxes are increased, trade is diverted to wet towns and the city becomes dead."

### FREDDIE LONG GOES UP.

In the list of umpires announced yesterday by Joseph Carr, president of the Ohio State league, appears the name of Fred Long, of Indianapolis. This means that Long is lost to the Indiana State league. Long umpired here last Sunday and gave perfect satisfaction. The fans here would like to see Long stick to the Indiana organization but there is more money for him in the Ohio State league.

## WICK PLAYED SMOOTH GAME

Said Marriage Was Very Sacred  
Ceremony and Then Skipped Out  
With \$500 Belonging to Bride.

### NOW HELD IN MINNEAPOLIS

Officials Believe he Has Worked His  
Scheme in Several Cities and  
Considered Him Good Catch.

(By United Press.)  
Indianapolis, May 4.—"A marriage is the most sacred ceremony that can be performed on earth. Once consummated it is a life long contract." Such was the theory of Stephen Adam Wick, whose light will be hid under a bushel, figuratively speaking, at least until June 1.

Wick advanced this theory here and by his impressiveness and his ardent manner won the heart and hand of Miss Inez Liles. Then he took her to her home in Bellefontaine, O., so the police alleged and relieved a bank of \$500 cash by cashing a bogus check. Then Wick disappeared.

The next heard of him was his arrest in Minneapolis. There again Wick had advanced his ideas on the sacredness of matrimony with the result that he won a second wife, Miss Alma Johnson.

Wick seems to have delighted in having duplicated his performances. In both cases the girls were telephone operators, and in each case the marriage took place in a hotel. Here it was in the Claypool in the Louis XIV room. He always makes the bride think he is a great catch.

The government agent who arrested him believes he is a "great catch" also. Wick, whose light has gone out temporarily, is wanted in many cities for impersonating government officials and getting money under false pretenses. He represented himself here as an auditor of the treasury department, but so far as is known got away with nothing more than a bride. In Philadelphia and other cities, it is said, he brought in some good sums of money by his activities.

Wick is held in Minneapolis for the grand jury which meets June 1. Before that time he probably will have lost his Indianapolis bride, for she has filed suit to annul the marriage.

### KNIGHT TEMPLAR NOTICE.

Rushville Commandery No. 49 K. T. will hold their regular stated conclave on Wednesday evening at 8 o'clock.

This meeting will be very important as all arrangements will be made to attend the Grand Commandery on May 12th and all Sir Knights that expect to attend are requested to be present.

\*\*\*\*\*

### TODAY'S ODDEST STORY.

(By United Press.)

Denver, Colo., May 4.—The county jailer is having his troubles with Tse-Ne-Gat hero of the Piute uprising, awaiting trial here on a charge of murdering a Mexican sheepherder a year ago.

A bed is a new experience for Tse-Ne-Gat, whose correct name, by the way, is Tsequit. He prefers to sleep on the cement floor, rolled up in an Indian blanket, because the bed bucked.

"Me have dream. Bed him buck like cowboy's horse. Tsequit hit floor. Heap sore," is how the Indian describes his experience.

Deputy Warden Murphy supplied him with linament and explained its use but the Indian carefully placed it in his cell for a charm to keep the bed from bucking.

### Carpet Cleaning.

Have your carpets and rugs cleaned and also have your old carpets made into fluffy rugs. Phone 3241. Raymond Sharp. 19626.

## Rheumatism In Joints

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that Johnson's Drug Store and all druggists sell on the "money-back-if-not-cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick-acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place. Mrs. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me."

That sounds miraculous, but Rheuma dose miraculous things. Fifty cents a bottle at Johnson's Drug store and all druggists.

## CONCESSIONS HURT FARMERS

Department of Agriculture Warns Them Against Taking Advantage of Demurrage Charges.

## REALLY HELPS OTHER FELLOW

Experts From This Country Will be Asked to Aid Servia in Getting Back on its Feet

Washington, May 4.—The Department of Agriculture in a bulletin just issued warns farmers against taking advantage of such state car demurrage codes as apparently give the farmers special concessions. Such concessions, says the bulletin, do not work to the farmers' real benefit, since the man who is backward in loading or unloading freight contributes just that much to the car shortage throughout the country, from which the farmer suffers more than any other business man. If the farmer refuses all such concessions he is in better position to urge the abolition of all concessions made in favor of others.

Demurrage charges, the bulletin points out, really benefit shippers as a whole, furnishing as they do a protection against the selfishness of single shippers, many of whom would use cars for storage purposes indefinitely if they were not compelled to pay for the privilege. There is no reason says the bulletin, why the whole community through lack of cars, should pay for the storage allowed one shipper. No person is so vitally affected as the shipper of farm products and it is declared he can do his part toward remedying conditions by refusing all concessions.

"On the farm not one boy in a thousand has been taught the scientific facts of soil cultivation, plant breeding, seed selection and the advantage of co-operation in producing and marketing crops; not any of the things that go to make agriculture a real organized industry," declared Secretary of Commerce Redfield the other day in talking with a representative of the Southern Conference for Education and Industry. "Many a farmer north and south, is poor because he does not get the most possible out of his farm. He has not the labor saving devices nor the power that is needed for success. But it is not entirely his fault. Nobody ever has shown him how to improve his methods. The farm demonstrations work carried on by Dr. Seaman A. Knapp of the Department of Agriculture, has been a wonderful help to the whole country. Many a boy has the innate capacity to make a success on the farm, if he is trained properly."

American farm experts will be asked to go to Serbia and help that nation back on its feet, after its three devastating wars. The American Committee for Serbian Agricultural Relief, of which Dr. Charles W. Eliot of Harvard is head, made the announcement here.

About eighty per cent of the Serbians are farmers in normal times, most of them owning their little five-acre tracts. They used the most primitive methods until recent years, when M. Lozenitch, then Secretary of Agriculture and Commerce, caused the importation of improved implements and the introduction of scientific methods. German professors were engaged to teach the Balkan farmer and were finding him an apt pupil when war broke out.

The present war, the third in as many years, finds Serbia one of the principal battlefields and already more than half her country has been laid bare. Ruin, desolation and want are spread over the northern districts, while the women and children have been huddled in concentration camps beyond the final of the trenches.

It is now desired to return the women and children to their homes—or the places that formerly were home. M. Lozenitch has entered into communication with some of

## Skirts Are So Short That They Are Approaching The Dead Line

BY MARGARET MASON

(Written for United Press.)

Her Grace is of the ballet not at all. It's simply bally rot. Though true it is she wears much shorter

Her skirts than she really ordered. London, Apr. 22. (By Mail to New York).—It's amazing the way tilted skirts are creeping up aristocratic shins. Talk about your belted Earl you really can't say much more about his Lady Countess wife these days, or rather nights, for skirts are cut so high and her waists are cut so low there isn't much more than a girdle for an embarrassed eye to cling to.

For daytime frocks and costumes as well Her Grace, My Lady and the Hon. Molly are showing an expanse of ankle that generously goes the eight inch mandate at least two inches better, or perhaps we should say worse. Skirted a rather tender subject, there seems to be abundant evidence these days that you can go further and fare worse when it comes to a question of British skirts. The pretty English dairy maid who voiced the historic answer that "My face is my fortune" could never have gotten by with a like statement about her feet. But be that as it may, feet, and even much feet, seem to demand even more inches when you start to hem about them.

A cunning little dreadnaught grey costume of faille shows the short skirt tendency and other things besides. Of course, the skirt is circular; they are always that or pleated these times, and is finished around its voluminous rippled hem with a band of eight inch black silk braid. The blouse worn with it is of the same color chiffon with bell shaped sleeves and a high military collar. It is buttoned straight up the front, as is the skirt from hem to belt, with bullet buttons of black onyx. The little short box coatee comes just to the waist line and has the regulation military braiding across the front carried out with a narrower width of the black silk skirt braid and the bullet buttons. High black patent kid shoes with grey leather uppers laced on the sides are worn with this striking outfit. A chic little black satin brimless hat fits tight and snug to the top of the head as if it were moulded to it and flaunts two bunches of black aigrettes bent like Mercury wings one jutting from the left rear

of the skirt. There is quite a penchant for the velvet bodice in evening frocks and not only are the contrasting black velvet bodice and net skirts much worn, but a charming pastel blue taffeta with a velvet bodice of the shade was the sartorial hit at the Savoy the other night. The skirt was caught up on the left side in kirtle effect with a garland of pink roses also served in lieu of the left shoulder strap.

this country's most expert agriculturists asking that they assist and that American seeds and machinery be sent. The Department of Agriculture is understood to be favorably disposed to the idea.

5.—What was the purpose of each miracle?

6.—What characteristic quality of Himself does each miracle display?

7.—The miracles have been called acted parables. Is this saying just?

8.—What symbolic meaning does any of them have for us?

9.—What is the faith Jesus commanded? Did He demand faith as a condition precedent to works of healing? or did He authorize and encourage faith as a supreme confidence in Himself?

## SOME INDIANA PEOPLE GET QUICK RELIEF

Hundreds of Indiana people have found relief from stomach and digestive troubles by the use of Mayr's Wonderful Remedy.

This remedy is safe and efficient. The first dose gives results. And the treatment is not long. It has a wonderful record.

Here are the statements of two who have used and proven the merits of the remedy:

CHARLES INMAN, 424 East Chestnut St., Hartford City, Ind.—"Four doctors said they could not cure me unless I went to Fort Wayne to be operated on. I took your treatment. In three weeks I went to work and haven't missed but a half day since."

WALTER SPRAY, 1011 South Second St., Frankfort, Ind.—"Before I took your medicine I suffered a great deal but since I took the first dose I have not had a bad spell. I feel it is even more than you claim."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

# IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-  
achy or Bladder bothers—Meat  
forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or intended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

# DEATH RATE IS HIGHER IN MARCH

Grim Reaper Made Heavy Harvest  
Both in Urban and Rural Districts in Indiana.

## MANY SUICIDES REPORTED

Accidental Deaths Are Also Numerous, According to Report—

Eleven Murders Included.

The death rate in Indiana for March increased over the rate for March, 1914, in both city and rural communities, according to reports just made public by the state board of health. In March, 1,945 persons died in the rural communities of the state, at a rate of 14.7, while in March, 1914, there were only 1,800 deaths, at a rate of 13.6. In cities of the state 1,787 persons died during the month, at a rate of 16.5, against a rate of 15.9 last year and a total number of deaths of 1,796 for March. The total deaths in the state for March were 3,732 and for March, 1914, the total was only 3,596.

The highest death rate was reported for the central counties of the state, where 1,619 persons died and the rate exceeded that of March a year ago and was 1.3 higher than the rate for the whole state. The death rates are estimated on each 1,000 population, figured annually, for the month in question.

The northern counties of the state presented the highest death rates for such diseases as whooping cough, diarrhoea, and enteritis, poliomyelitis (infantile paralysis), influenza and smallpox. In the central counties the higher death rates were from such diseases as diphtheria, pneumonia, cerebro-spinal fever, puerperal septicemia, cancer and external causes.

Tuberculosis, typhoid fever, scarlet fever and measles reaped the heaviest harvests in southern Indiana.

Death rates for the larger cities of the state follow: Indianapolis, 18.1; Evansville, 14.3; Ft. Wayne, 14.1; Terre Haute, 17.4; South Bend 14.6; Gary, 12.8; Muncie, 12.5; Hammond, 15.9; Richmond, 20.1; Anderson, 14.5; East Chicago, 18.7; Elkhart, 16.3; Lafayette, 31.5; Michigan City, 15.3; New Albany, 19.4; Logansport 17.4; Marion, 12.2.

There were forty-two suicides during the month—men, 35; women, 7. Poison caused 12 such deaths, asphyxiation 2, hanging or strangulation 3, drowning 1, firearms 18, cutting or piercing instruments, 4, jumping from high place, 1, and crushing, 1.

There were 138 accidental deaths; 5 by poisoning, 14 by burning, 13 of which were the deaths reported when the Delaware county infirmary burned. Railroad accidents caused 21 deaths and auto accidents 3.

Eleven persons were killed by others during the month, 7 men and 4 women. Six were shot to death.

The total births in the state during the month numbered 5070, at a state rate of 23.8. Of these 2,585 were boys and 2,485 girls. Lake County had the highest birth rate of any county in the state, with 36.8; and Scott county had the lowest rate, with 6.7.

IT RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified cocoanut oil at any pharmacy, and a few ounces will supply every member of the family for months.

# Use of Streets for Playgrounds by Children Result in Many Accidents

BY CARLTON TEN EYCK  
(Written for United Press.)

New York, May 4.—"Gwan, I ain't no sissey."

This answer of an East Side street gamin to a suggestion that he and his friends get out of the street and use a public playground for their "champeen" baseball game instead of dodging automobile, street cars and wagons in the streets is "the answer," according to the National

Highways Protective Association, of the huge death roll in New York from street accidents.

Since January 1, 88 persons have been killed and several hundred more injured in street accidents. Of the 88, forty were children. During last March alone twenty-seven persons including fourteen children, were killed by automobiles, street cars or wagons.

Automobiles take the highest death toll, sixty-two of the 88 killed since the first of the year having been run down by the "benzine buggies."

Despite admonitions of parents and police, the persons conducting campaign to prevent highway accidents say that children, especially in New York, simply will not keep off streets in their play. Playgrounds, while apparently jammed, to the eye of the casual observer, hold but a scant percentage if the youngsters who have other places to play except the streets, or else will not go to the playgrounds to be under the eye of playground directors.

Even the "poor little rich children" of New York—sons and daughters of Gotham's colony of millionaires, have few places—and are not allowed to go there if they would, trained as they are by careful governesses, tutors and nurses.

Riverside Drive and Central Park are now overflowed daily with children. These are the big playgrounds of the city, but the swarming streets of the tenement districts, with children darting across and about the streets, give ample evidence of the accuracy of the fatality figures presented by the Highways Protective Association.

Fad for "organization" has appropriated the "twilight sleep." Now a national association to extend the propaganda of easy childbirth has been organized by women of Manhattan and Brooklyn. It is planned to support and send lecturers into all large cities to organize branch associations. Foundation of an exclusive "twilight sleep" hospital and clinic in Brooklyn is also planned.

Several wealthy women interested in the movement have subscribed funds toward purchase of a site for the hospital and erection of a building.

Death rates for "organization" has appropriated the "twilight sleep." Now a national association to extend the propaganda of easy childbirth has been organized by women of Manhattan and Brooklyn. It is planned to support and send lecturers into all large cities to organize branch associations. Foundation of an exclusive "twilight sleep" hospital and clinic in Brooklyn is also planned.

Three Officials of Body Select Site Along Flatrock River For Boys'

Summer Outing.

## PLACE IS HELD TO BE IDEAL

The camp site for the annual outing of the boy members of the Y. M. C. A. from June 15 to June 25, has been chosen on a plot of ground nine miles south of Rushville along the Flat Rock river by Secretary Ellis M. Learner, J. J. Somerville of the Boys' Department and Harry Doan who made an inspection of the place Saturday says the Richmond Palladium.

The river at the point where the camp will be pitched is clear and not deep and has a gravel bottom. The boys will swim in the river, two hundred yards from the camp while their drinking water will be obtained from a driven well. Open ground in the vicinity of the camp site will afford an opportunity for baseball and other athletic events.

Many sites were inspected by the officers of the association before a selection was made. Mr. Somerville walked along the edge of the river from Rushville to St. Paul and from Liberty to a point within four miles of Brookville.

A ten-days vacation is planned this year instead of two weeks to eliminate more than one Sunday spent in camp.

## TIME HEAVY ON HIS HANDS

Oscar Jobe, Witness in Damage Suit, Proceeded to Get Drunk.

Oscar Jobe of Newcastle, came here yesterday as a witness in a damage suit being tried in the circuit court, and finding time hanging heavily on his hands proceeded to get drunk. He was found wandering around in the northern part of the city and did not know whether he was in Newcastle or Spiceland. Jobe was fined one dollar and costs by Mayor Bebout. An effort was made to get Jobe to tell where he obtained his whiskey, but he stated he could not remember where he obtained the booze.

## FIRST DEGREE.

Franklin Lodge No. 35, I. O. O. F. will confer the first degree on a class Wednesday evening at 7:30. Visitors are expected from Shelbyville. Every member is urged to attend.

## LIQUOR TAX IS TO BE OPPOSED

Continued from Page 1.

the Dardanelles was renewed with increased vigor by the allied fleet today. The Queen Elizabeth, Warspite and other "big gunned" ships are raking the forts from the Aegean Sea and the Gulf of Saron while a squadron of French and British warships have penetrated the Straits and are concentrating their fire on the forts. Practically every unit of the fleet is engaged.

## DENY TURKISH SUCCESS

British Admiralty Declares Attacks of Enemy Were Repulsed.

(By United Press.)

London, May 4.—The admiralty this evening issued an official statement flatly contradicting all claims of Turkish success in the Dardanelles operations.

"Our forces have repulsed every attack of the enemy," the statement says, "and have inflicted enormous losses on him."

## THROUGH ALLIES LINES

German Forces Hammering Away, Official Statement Says.

Berlin, (By Wireless to London,) May 4.—The German forces operating in Belgium territory have again hammered their way through the allied lines. In an official statement issued today the war office declared that the Germans have captured Zecenote, Zonnebeke and Westhoek. The allies in retreating were subjected to a very heavy flanking fire from the German batteries north and south of Ypres.

## WILD ENTHUSIASM.

(By United Press.)

Berlin, (By Way of Copenhagen,) May 4.—Unofficial reports that the new German victory in western Galicia has almost equaled the successes of General Hindenberg in the Marian lakes, aroused wildest enthusiasm here today.

## BRITISH SHIP TORPEDOED.

(By United Press.)

London, May 4.—The British steamer Minterne has been torpedoed and sunk by a German submarine. The Minterne was of 3,018 tons. The crew is believed to have been saved.

I have the pleasure to announce that I represent the famous WADE corset in all the prevailing modish models. Made to special measurements or fitted from stock. Mary A. Brown, Phone 1886. 446

## RUSHVILLE IS CONVENTION CITY

Continued from Page 1.

the twenty-fifth. The Rushville chapter has been anticipating this event for some time and has been making active preparations by raising a fund for several months. The program has not yet been completed. The last of the conventions for Rushville will be the national meeting of the Kappa Alpha Phi fraternity. It is set for the week of the Rush county fair, August 25, 26 and 27. The local chapter is already preparing for the coming convention and expects to entertain its visitors royally.

## COMMENCEMENTS FOR TWO SCHOOLS

Closing Exercises For Union Township Tonight and Those For Washington Tomorrow Night.

## FIVE GET DIPLOMAS TONIGHT

The joint commencement exercises of the Gings and Glenwood high schools will be held tonight in Glenwood. Both schools are in Union township. A total of five graduates will receive diplomas—three from the Gings school and two from Glenwood. The commencement address will be delivered by the Rev. L. E. Brown of Connersville. The Gings class is composed of three boys, Donald Foster, Gale Zorne and Thomas Martin. The Glenwood class is composed of Miss Charlotte Gruell and Russell Ruff.

The Raleigh high school commencement will be held in Raleigh Wednesday night. The address will be delivered by D. Lee Fitzpatrick, of Richmond. Four will receive diplomas as follows: the Misses Lella Elwell, Leona Mull and Vera Popoon, and Orvel Morgan. It was first intended to have the eighth grade graduates take part in the high school commencement but this idea was abandoned and the Washington township eighth grade graduates will take part in the educational day exercises as usual.
